

Drivosity Warning - DriveScore

Team Member Name:		Date:
Mgmt Name:	Mgmt Position:	Store #:

Violation Type: DriveScore

Warning Type: _____

Avg DriveScore: Below 80

Week Ending Report Date: _____

Incidents:

Incidents that affect the DriveScore include: Excessive Speeding, Hard Cornering, Hard Breaking, and Hard Acceleration. Details can be viewed thru your Drivosity login.

Plan for Improvement:

Slow down, obey all posted speed limits (pay close attention to speed limits around the entrance and exit ramps of major highways/freeways, and around road construction). Take your turns slower to reduce momentum shift in vehicle, and to improve your reaction time for any hard to see obstructions on the new road. Start slowing down sooner to avoid hard breaking. Avoid hard accelerations (and hard cornering) by allowing time to make your turns from a stop. Accelerate at reasonable rate, it's not a race.

TM Comments:

Management Comments:

I understand that I have not met the safe driving standards outlined in the MAC Pizza Drivosity Policy, and that continued violations may result in further disciplinary action (as outlined in the policy) up to, and including, termination.
