Our Story

Project82 Kenya is a group of Christians from Kenya and the United States working together with a common heart for orphans. Our calling comes from Psalm 82:3, where God commands His people to "defend the fatherless." Since 2009, we have been serving together in order to care for orphans and vulnerable children by nurturing them holistically to achieve sustainable family solutions.

Project82 Kenya exists in response to God's call to love and care for orphans and vulnerable children by nurturing them holistically to achieve sustainable family solutions.

Our Ministry

Through our numerous ministries we:

- Rescue children and babies who have been abandoned
- Provide them with love, a safe place to stay, and medical care
- Place them into a safe family through reunification or local adoption
- Empower families and children through education, skills training, counseling, Bible studies, and business grants

Our goal is to place children into safe and loving families and to help those families stay together and become self-sustainable.
