<b>Introduce yourself</b>	I live in a small city in Canada, where I am studying to be a librarian. I hold an BFA and an MFA, My work is primarily textile based and I work with AI to ideate. My work is shared widely online, it is a mix of textiles and the grotesque. I am interested medical history, horror, programing/organizational languages and textile.

<b>Do you have a project in mind at this time?</b>	I would plan to work more with text prompts in AI, to make work similar to my own work, and make work similar or to have a conversation with the AI materialy. It is very likely the AI programming data sets are from my own work. I think of AI not as an enemy but as something to figure out, as my past work was taken by online and shared/uncredited.
<b>Tell us why you want to join Quarantine</b>	It could be an interesting experience for me. I am not well known, I have a unique set of skills and I have never been outside of North American, I'm not an experienced traveller. This would push me far outside of my comfort zone.
<b>Briefly describe your Artistic and Creative difficulties</b>	I live in a place that is small, I think in order to grow I will likely need to travel more. Though the idea of travelling does scare me, it is accessing unknown worlds.
<b>What are your inner demons?</b>	None
<b>Anything else you want us to know?</b>	I applied last year and was accepted, but the quick timeline didn't work for me, I would need to know as soon as possible so I can apply for funding :)
