Introduce yourself	Hello, I'm Christiana Wu (1985) and I'm an emerging multi-disciplinary artist in filmmaking, music, writing, and visual art. I've traveled a different (non-artistic) path for a long time but keep converging back to where I think I ultimately want to be: in artistic expression.
Do you have a	A series of illustrations and/or paintings that I'd be proud to share

this time?	A series of illustrations and/or paintings that I'd be proud to share
Tell us why you want to join Quarantine	I crave for the deep focus and discipline to work on not only my craft, but to explore and experiment with my whys. I would like to immerse with other artists and the mentors. I think this would be an incredible experience to discover potential and engage among our individual but collective energies.
Briefly describe your Artistic and Creative difficulties	I get stuck on filtering my ideas down to the point of inertia. My goal is to build a solid creative practice that has a more balanced ebb and flow, instead of analysis paralysis and shutting down concepts for numerous reasons (e.g., technical ability), and having nothing to show for it. I want to be better with mindset and language.
What are your inner demons?	Insecurity , Stagnation , Style , Inconsistency
Anything else you want us to know?	I apologize for my outdated website (at the time of this submission) -- I am currently working on a major update under a new domain, and am happy to share any other work for consideration. I am currently working on my Painting Studies certificate with RISD, and also occasionally take cont. ed. courses at SVA.
