Do you have a project in mind at this time?	I'm currently writing developing and designing my first feature film.
Tell us why you want to join Quarantine	It looks amazing and I am currently at many crossroads in life creatively. I am drawn towards diving deeper into what my authentic voice is and how to express it more clearly in my work.
Briefly describe your Artistic and Creative difficulties	I currently struggle with a lot of fears around not being good enough, not making any money and the difficulties of making this calling financially work. I also have difficulty connecting with others and feeling accepted for my authenticity as an artist. I find it very difficult to express my voice creatively and honestly in all dimensions.

Anything else you want us to know?	I feel vulnerable expressing this, but i've had to overcome some pretty crippling trauma in my life and it is a big reason I create is to help me live and cope with life. I have tried so many things like acting, improv, and I am a novice guitar player.
