Introduce yourself	I am an artist-type person who was a musician and composer for 25 years, and now a painter since 2015, after returning to visual art that was my mainstay when I was a child. this time?	I am trying to push myself out of hyper-realistic paintings into more abstraction, value-compression, and color variety.
Tell us why you want to join Quarantine	Because I came for the first one in April 2023 and I love everyone involved to an absurd degree. It took me a very long time to "come down" when I returned home, and the impact on me and my work was profound. I want that again. Does that make me greedy?

Anything else you want us to know?	I love you guys so much! I am dying to see you all again.
