Introduce yourself	Primarily I work in the music industry, making poster artwork, merch designs, and prints for bands. I've worked with Carrie Underwood, Rise Against, and the Plain White T's to name a few. I guess I'd say I'm a graphic designer/illustrator but I do a wide variety other mediums like photography and some sculpture here and there.

Do you have a project in mind at this time?	I have this zine I've been working on for a few years now, that I'd love to finish and also create other pieces based on the story. Basically, I had an interaction with a kitten a few years back when was young and it's kind of haunted me since, I see the kitten in my dreams a lot and wake up crying. Im still just trying to work through it.
Tell us why you want to join Quarantine	I've never heard of Quarantine before maybe 20 minutes ago from Gary Baseman. He's a huge inspiration to me, and after reading about the experience, it sounds right up my alley. I get caught up a lot with making work for other people and I want to use this opportunity to be selfish with my time, & learn from folks who have a wealth of knowledge
Briefly describe your Artistic and Creative difficulties	I think I honestly do too much, and get caught up in my own work for others. Right now I'm co-filming a movie, editing a music video, finishing up a poster design, working on merch for 3 different bands, and it's all on top of my 9-5 working as an in-house graphic designer. I want freedom, I want to learn, and have time to grow into new things.
What are your inner demons?	Insecurity , Inconsistency
