Introduce yourself	Hi my name is Rei Nagaoka and I am an artist and vintage clothing curator. Right now I am creating a balance between treasure hunting/curating and creativity. I have the ability to identify time periods through my fingertips and I have a strong understanding of quality. I also have my fingers on the pulse of street fashion.

Do you have a project in mind at this time?	I will create a series of potent graphics for t shirts, hoodies, pants, using my knowledge while I am in the crossroads of fashion and art.
Tell us why you want to join Quarantine	I want to enter a creative space filled with good people and be free of distractions/unwanted influence. I want to quarantine my inner intentions and pressure cook my soul.
Briefly describe your Artistic and Creative difficulties	My business is growing but I struggle with losing creative energy by the end of the work day. My art comes from me channeling something outside myself, almost like looking through another dimension. But I need to be IN THE ZONE. I think being around more creatives and the relative isolation of quarantine would put me in the right mind space.
What are your inner demons?	None
Anything else you want us to know?	I feel like I just need to crystallize or enter my next stage of metamorphosis.
Fluency in English	Poet
✓ I have read the Quarantine "INTERZONE" program and understand the basic concept and format of the event, and I am aware that only a very small number of applicants are selected and I wish to apply.	1
