<b>Introduce yourself</b>	Born in Dolomites forest in 1986, I start expressing my creativity through classical ballet and pencils at very young age, among horses and nature life. Due to familiar difficulties, I grew up alone and far from my dimension, till I lost it. I worked as waitress and manager for the last 15 years but I never gave up to my creative needs. Here I am!

<b>Do you have a project in mind at this time?</b>	I am working on a personal graphic novel narrating the monsters of the nowadays human being. The project I have in mind includes pieces of art
<b>Tell us why you want to join Quarantine</b>	It is my chance to learn the creativity process that leads the big artists souls, staying focused on my individual experiences of the surroundings and learn the correct path to bring out what I feel through the masters' techniques . Plus, I am confident that quarantine will give me the time and space out of society to stay focused on my journey
<b>Briefly describe your Artistic and Creative difficulties</b>	I experienced different media through my path, engravings , painting, illustration, animation, video editing, performances... I need to find the right language that speaks louder and works the best to become known and recognized
<b>What are your inner demons?</b>	Insecurity , Style , Inconsistency
<b>Anything else you want us to know?</b>
