Introduce yourself	Driven by her love for figure and fantasy, Eve Victoria Eggleston creates realistic surreal concepts through 2D visual art and art modeling in Portland Oregon. Primarily she utilizes tools of drawing, pen & ink, woodburning and splashes of painting. In November 2023 she did her first artist residency at the Chateaux Orquevaux.

Do you have a project in mind at this time?	One image I would like to paint is visitors at an art show or gallery crying paint from the personal insights they are experiencing from viewing the works. A paired image I'd create is an artist dipping their paintbrush into a palette of their head and using the brain fluid as paint. Ideally photographing clear self-portrait references beforehand.
Tell us why you want to join Quarantine	Ever since I can remember, starting around 3 years old, all I have ever wanted is to live as an artist. I am 30 years old now, and still lack a clear direction on how to achieve that goal. I want to work even harder than ever before and get the deepest critique so I can gain clear vision towards that path. These pro artists could change all that.
Briefly describe your Artistic and Creative difficulties	Unable to make sales from my art, I spend most of my time working as a massage therapist. My partner's father has ALS so my free time is often spent caretaking either of them. When I do have my own time I find it hard to know what to do beyond sketching. My art residency allowed me time to work. Now I need real focus and future clarity from pros.
What are your inner demons?	Block , Inconsistency , Stagnation , Insecurity , Style
Anything else you want us to know?	I realize that I am unknown as an artist, however I can promise that I will dedicate my all to this practice if I am selected. I used to be hurt by critique, but now I seek it out because I desire change more than self-soothing. Regardless of your decision I think what you're creating here is exactly what many artists need in their journeys.

✓I have read the Quarantine "INTERZONE" program and understand the basic concept and format of the event, and I am aware that only a very small number of applicants are selected and I wish to apply.	1
