<b>Introduce yourself</b>	<p>I have explored art in education but I have left to pursue it alone. I have an affinity to explore and throw everything aside often including my artwork. I don't see this as a pitfall but a way to enhance and feed myself to further my work. I want to be a professional artist but I am not set on a linear path for my career.</p>

<b>Do you have a project in mind at this time?</b>	I want to create a large wall hanging free hand ink illustration, I want to expand my visual library. I like to draw without reference at hand to create an organic piece. I want to expand my illustrative library to have more elements to draw from.
<b>Tell us why you want to join Quarantine</b>	I'm drawn to the intensive and unforgiving nature of the course. I am drawn to the unknown and have not been able to find a course that satisfies both my need for exploration and artist development. I want to be in an uncomfortable experience that is organic and I won't know its effect until it's completed.
<b>Briefly describe your Artistic and Creative difficulties</b>	I have difficulty accepting my work. I lose direction in my work. I don't know where to go from each piece. After completing a work I feel empty and I lose the passion I had while completing the piece. I struggle with perfectionism and lack of cohesion to a specific style. Every time I get comfortable with a style I feel that I stagnate.
