Introduce yourself	I love to draw expressive characters and try to find a way to capture the hyper specific body language of people and animals. I love to create but I might not be sure what an artist is
Do you have a project in mind at this time?	I do not!

Tell us why you want to join Quarantine	I'm trying to live my worst life in 2024 and want to find out more about creating and why I love to do it. I think it's a vocation though my person direction is meanderings. My professional direction is animation factory work. I only learned about Quarantine today and it sounds extremely interesting. Chances to shake up your routine are rare
Briefly describe your Artistic and Creative difficulties	People tell me I'm an artist because I draw for a living but I'm not so sure. I would like to find myself as a creative person and find out what I am. The chance to go somewhere as a clean slate and get fucked up on creativity sounds interesting!
What are your inner demons?	None
Anything else you want us to know?	Just that I'm super in to this concept and I want to be considered. Also that I hope there's non-beer hydration options.
Fluency in English	Poet
✓ I have read the Quarantine "INTERZONE" program and understand the basic concept and format of the event, and I am aware that only a very small number of applicants are selected and I wish to apply.	1
