Introduce yourself	I'm Thai but I grew up in the UK. I have an MA in communication arts from Central St.Martins college of art and also a painting diploma at the Florence academy of art in Italy. Currently I paint full time in Bangkok, thailand. I work mainly in oil and my subjects vary. I would define myself as more of a perceptual artist than conceptual.

Do you have a project in mind at this time?	Yes, I'm currently building up a body of work for a solo show. My concept explores ways to express psychological conditions through contortion of shapes. I am interested in the visceral responses to shapes. For example, squashed can convey being pressured, thin and elongated can convey fragility, warped- being unstable, bent - feeling broken.
Tell us why you want to join Quarantine	I'm looking for inspiration. I mostly work alone and I really miss having a deep , engaging art conversation. A sense of direction for my career would also be great even if 7 days seem quite short. I like your project statement and what you're trying to give the participants as I am so over the usual step by step workshop.
Briefly describe your Artistic and Creative difficulties	Self doubt. Overthinking. Lack of conviction in my own ideas.
What are your inner demons?	Insecurity , Inconsistency
Anything else you want us to know?	
Fluency in English	Fluent
