Introduce yourself	Born in 1992, Poland. Im a painter, after last Quarantine I have changed my direction and now I paint nature like a sculpture made from human bodies. I am self taught artist, now learning in art school in Poland. Painting is my job full time. From my work I am creating fine art prints. I would like to evolve and feel my painting with my whole soul.

Do you have a project in mind at this time?	Yes, i am trying to create a collection off a painting to make some day exhibition. I found my way and now i am painting things and animals and whole nature like a sculpture eg under the water. But the sculpture of animals are whole made from floating human bodies. I would like to make exhibition about time after humans, where we are the part.
Tell us why you want to join Quarantine	I was in October 2023 and that was experience changing my life, still is. I want to be with another artist, talk, explore the emotions and be in this beautiful process. I want to evolve, explore, practice and connect.
Briefly describe your Artistic and Creative difficulties	I have still problem to establish whole painting, the background and the main thing. I am trying to create a whole painting not parts and pieces. I would like to find purpose in my painting and define my own style - I feel that I am on my way, but still.. I really want to be consistent in my style.
What are your inner demons?	Inconsistency , Style , Block
Anything else you want us to know?	Sometimes I try too hard to make something perfect so I am lost in my style and abilities. I am painting so colorful but inside I have so many anger and frustration so I would like to paint dark, but I am afraid of darkness and this what I could create. Fear to see this frustration outside
Fluency in English	Fluent

✓I have read the Quarantine "INTERZONE" program and understand the basic concept and format of the event, and I am aware that only a very small number of applicants are selected and I wish to apply.
