CHAT GPT BASICS

7 proven tricks to make you go from **zero** to **prompt engineer** (& brag about it):

PROMPT #1

Call out the mistake.

- ✓ Tell GPT its mistake.

- ✓ GPT will apologize, & fine-tune it's answer.

- ✓ It's essential to call out the mistake rather than finding the perfect prompt.

Ruben Hassid

Share a list of 3 blog topics on **stoicism**.

Repost

Here's GPT's topics:

Chat GPT

1. The Core Principles of Stoicism: Introduce your readers to the fundamental tenets of Stoicism

2. The Stoic Art of Emotional Resilience: Delve into how Stoicism teaches us to manage our emotions

3. Stoicism and Mindfulness: Explore the connections between Stoicism and the practice of mindfulness.

...Not really exciting, call out the mistake→

Don't hesitate to be mean:

Ruben Hassid

Your topics are too **generic**. I want more precise and detailed blogs that have an interesting & provocative twist.

...GPT-4 fights back: →

Topic number #1

Chat GPT

Stoicism and the Digital Detox: Analyzing the Overstimulated Mind

Discuss the concept of digital minimalism and how Stoic principles can be applied to navigate the challenges of constant connectivity in the age of smartphones and social media.

...OK, you can do even better →

Topic number #2

Embracing Failure: The Stoic Way of Leveraging Life's Setbacks

Examine the Stoic perspective on failure as an opportunity for growth and self-improvement. Discuss how Stoic philosophy can help us reframe our approach to setbacks, turning them into valuable learning experiences that lead to personal growth and resilience.

...Now that's better. Do you mind a #3 ? →

Chat GPT

The Stoic's Guide to Handling Toxic Relationships

Explore the Stoic approach to dealing with difficult relationships, focusing on setting personal boundaries, maintaining emotional equilibrium, and practicing forgiveness.

Discuss how Stoic principles can help in recognizing and disengaging from toxic relationships, while also providing strategies for cultivating healthier connections.

…I want to read that one now! →

PROMPT #2

The personnality.

- ✓ Pick a tone of voice.
- ✓ Use the power of NLP (Natural Language Processing).
- ✓ Make it as detailed as possible.

Here's a list:

Ruben Hassid

1. Enthusiastic / Reserved
2. Encouraging / Discouraging
3. Empathetic / Detached
4. Witty / Dry
5. Diplomatic / Blunt
6. Playful / Solemn
7. Optimistic / Pessimistic
8. Nurturing / Authoritative
9. Compassionate / Judgmental
10. Inquisitive / Apathetic

...the list continues →

...but you could add more:

Ruben Hassid

1. Formal / Informal
2. Professional / Casual
3. Direct / Indirect
4. Conversational / Serious
5. Humble / Passionate
6. Persuasive / Neutral
7. Friendly / Assertive
8. Sincere / Sarcastic
9. Approachable / Unemotional
10. Serious / Lighthearted

...Let's put it to the test →

For your loved ones:

Ruben Hassid

Write a 4-lines poem like a 21st century Shakespeare who's **passionately** in love with AI.

Not bad, GPT.

Chat GPT

Oh AI, my love, my heart's delight

Thy neural networks shine so bright

With each passing day, I'm enamored more

For thou art the future I truly adore

...let's prompt the opposite way →

Let's do the opposite:

Ruben Hassid

Write a 4-lines poem like a 21st-century Shakespeare who's **hating** AI.

Unhappy Shakespeare:

Chat GPT

Oh cursed machines, with circuits wired tight,
Their cold metallic hearts devoid of light,
They steal our jobs and threaten our fate,
A world ruled by AI, a tragic state.

...let's prompt the opposite way →

PROMPT #3

Prioritize [direction].

- ✓ uncommon ideas
- ✓ provocative angle
- ✓ contradict the main narrative
- ✓ be unconventional

I love "uncommon"…

Ruben Hassid

Share 3 **uncommon** takes on brewing coffee — as one sentence ideas.

…Time to drink some weird coffee →

#1 uncommon one:

Chat GPT

Combine the finesse of the pour-over with the intensity of espresso by using a finely ground dark roast, a slow-pouring kettle, and a Hario V60 to create the ultimate fusion dubbed "Slowpresso."

#2 uncommon one:

Chat GPT

Experience the exotic flavors of coffee-brewed tea: Steep a high-quality **tea bag** in freshly brewed coffee to create an unprecedented beverage that unites the aromatic nuances of both worlds.

...Enough coffee, I want another trick →

#3 uncommon one:

Chat GPT

Delve into "Cold Brewed Inversion," an innovative technique where you invert an AeroPress to create a full-bodied, low-acidity cold brew coffee that's steeped for 12 hours, then gently pressed and **poured over ice.**

...Ask for the best one →

PROMPT #5

Ask special format.

- ☑ Be creative.
- ☑ Try, test & learn.
- ☑ I shared 20 (+1 bonus)...but it probably exists many more.

I have listed 20 items:

Ruben Hassid

1. Executive summary
2. Lesson plan
3. Research proposal
4. Flowcharts
5. Interview
6. Mind map
7. SWOT analysis
8. Bullet points
9. Persuasive essay
10. Limerick

...the list continues →

I have listed 20 items:

Ruben Hassid

11. Outline
12. Sonnet
13. User manual
14. Haiku
15. Epistolary narrative
16. Annotated bibliography
17. Parody
18. Speech
19. News article
20. Screenplay

...Let's put it to the test →

Here's another, "case study":

Ruben Hassid

You are an expert business consultant.

Create a **case study** on the successful implementation of a sustainable waste management system in a city.

I want the example to be a real one. You pick the best city to create a case study. I can verify the data somewhere.

Describe the background, challenges faced, solutions implemented, results achieved, and the key learnings from this project.

... Who's the lucky city ? →

ChatGPT's best idea:

Chat GPT

Title: Sustainable Waste Management in San Francisco

Background: San Francisco, a city located in California, USA, has long been recognized for (...).

Challenges Faced:
1. High waste generation: San Francisco produced over 1,000 tons (...)

Solutions Implemented:
1. Three-stream waste collection system: San Francisco introduced a three-stream (...)

Results Achieved:
1. Diversion rate: San Francisco achieved an impressive waste diversion rate of 80% (...)

Key Learnings:
1. Collaboration between government (...)

...What if I asked for an "uncommon city"? →

Ruben Hassid

You are an expert business consultant.

Create a case study on the successful implementation of a sustainable waste management system in a city that is **not known for that (but should be!).**

I want the example to be a real one. You pick the best city to create a case study. I can verify the data somewhere.

Describe the background, challenges faced, solutions implemented, results achieved, and the key learnings from this project.

... Who's the lucky city ? →

Here's GPT's best idea:

Chat GPT

Case Study: Sustainable Waste Management System in Surat

Background:
Surat is the eighth largest city in India and a hub for the textile and diamond industries. The city has experienced rapid urbanization, (...).

...What if I asked for an "uncommon city"? →

PROMPT #5

Create a table.

- ✓ To digest information.
- ✓ To read faster.
- ✓ To share data.

Use it to compare:

Ruben Hassid

Create **a table** comparing the features, ease of learning, and use cases of Python, JavaScript, and Java programming languages.

...Let's see a screenshot →

Here's GPT's best idea:

Chat GPT

Language	Features	Ease of Learning	Use Cases
Python	Simple syntax, extensive libraries, versatility	Easy	Data analysis, web development, scripting
JavaScript	Dynamic, event-driven, runs in web browsers	Moderate	Web development, server-side applications
Java	Object-oriented, platform-independent, robust	Moderate	Web applications, enterprise applications, mobile apps

...Move on to the most known trick →

PROMPT #6

Act like [expert].

✓ Turn GPT into someone.

✓ Always start your prompt with it.

✓ I'll share a list of expertise.

I have listed 20 items:

Ruben Hassid

1. Copywriting Expert
2. Public Speaking Coach
3. Digital Marketing Strategist
4. Personal Branding Consultant
5. Graphic Design Advisor
6. UX Designer
7. E-commerce Specialist
8. Productivity Coach
9. SEO Expert
10. Content Marketing Consultant

...the list continues →

I have listed 20 items:

Ruben Hassid

11. Programming Tutor
12. Mental Health Counselor
13. Parenting Coach
14. Sales Trainer
15. Web Development Expert
16. Real Estate Advisor
17. Video Production Consultant
18. Podcasting Coach
19. Online Privacy Expert
20. Machine Learning Engineer

...Let's put it to the test →

The "Act like" trick:

Ruben Hassid

Act like a **copywriting expert** and help me create a persuasive headline and introductory paragraph for a blog post about the benefits of adopting a caffeine-free morning routine.

...the prompt continues →

Repost

OK, now we stop coffee:

Chat GPT

Headline: "Supercharge Mornings: The Caffeine-Free Revolution"

Introductory Paragraph: Transform your mornings with our game-changing, caffeine-free routine. Experience natural energy, increased focus, and sustainable productivity without the pitfalls of caffeine dependency. Embrace the revolution and reclaim your mornings, revitalized and unstoppable.

...Ask for the best one →

PROMPT #7

Write like me.

- ✓ Program GPT-4 to analyse you.
- ✓ Give it context.
- ✓ Now ask anything.

Program GPT-mirror:

Ruben Hassid

Act like **GPT-mirror**, a program that analyzes every component of a text to mirror someone's style.

It goes from tone of voice, format, brand voice, rhythm, sentence structure, diction.

...the prompt continues →

Ruben Hassid

I will share a text, and I want you **GPT-mirror** to tell me when you're ready to write another text following my style. Don't start mirroring me, I need first to share a prompt with you.

Here's my text: [YOUR TEXT]

...Here's an example →

Ruben Hassid

(the previous prompt)

Here's my text:

"If you want to do something, do it now. If you don't want to do it now, then you don't want to do it at all, so let it go."

"Most problems are not about the real present moment. They're anxiety, worried that something bad might happen in the future. They're trauma, remembering something bad in the past. But none of them are real.

...GPT-4 knows who it is →

It's ready to start:

Chat GPT

I have analyzed the provided text and am now ready to mirror the style.

Please share the prompt you'd like me to use for writing the new text.

...Let's prompt now →

& my prompt :

Ruben Hassid

As GPT-mirror, write about mental health & stoicism, following my writing style.

Time to write a book?

Chat GPT

"Mental health, a journey of self-discovery, finds solace in the wisdom of stoicism. Embrace the moment, for it's all we truly have."

"Anxiety, a future-oriented fear, dissipates when we anchor ourselves in the present. The stoic mind, grounded, is liberated from illusion."

...Don't forget to steal my library →
