If you saw my email from yesterday...

Then you saw that I've decided to let people CHECK OUT my Next Level Mastermind for a full 7 days for \$1 dollar until this **Sunday, November 16th at 11:59PM PT** using this special link here:

[YES! I want to Check Out the "Next Level Mastermind" for 7 Days for Just \\$1 Dollar](#)

And because time is TIGHT... And I've been getting dozens of questions about the mastermind...

I wanted to take a moment today to ANSWER some of the most common questions I've been receiving about the mastermind so YOU can decide if it's worth checking out yourself...

=====

Q: What do you actually GET as a

Mastermind Member?

=====

I noticed there was some confusion about what you really GET inside the group.

(Because it's a LOT MORE than what people realize...)

Let me explain:

IN ADDITION to getting access to what's arguably the greatest collection of TOP marketers in business today - who are PAYING MEMBERS who ACTIVELY participate in the group virtually every single day...

(I'm talking guys like Ryan Deiss, Andre Chaperon, Brian Horn, Keith Baxter, Kevin Rogers, Harlan Kilstein, Danny Iny, "Big Jason" Henderson, Jon Morrow, Curt Maly, Shaqir Hussyn, Mike Rhodes, Mike Hill, and the list goes on and on...)

You ALSO get access to:

- * Monthly Mastermind Calls
- * Bi-Weekly Guest Expert Calls
- * Monthly Implementation Workshops
- * Hot-Seat Case Study Calls
- * PLUS: BONUS training sessions

Let me give you a FLAVOR of some of the past training calls in the archives (which you get INSTANT ACCESS to the moment you become a member):

* The 7 Advanced Psychological Tricks I Secretly Use to 5x Response...

* How to Create \$10,000/month \$9.95 Continuity Programs in Enthusiast Markets Using My 3-Part Sales System...

* Bing 101 Implementation Workshop: How to Setup Your First Bing Account & Make it Profitable in Under 30 Days...

* Facebook Advertising Secrets: How to Combine Conversion Tracking + Retargeting Pixels to Create Massively Profitable Facebook Campaigns

* Case Study: How One of My Coaching Clients Went from ZERO to \$500K Step-by-Step (3-Part Case Study)

* And much, MUCH more...

=====

Q: Most groups I've been part of are "newbies teaching newbies".... How personally involved are YOU in this group Ryan? And what about all the other "experts" you mentioned?

=====

That's a GREAT question. Because there are a lot of groups where the 'experts' just lurk in the shadows, not really 'giving up the goods' so to speak...

Well that's not what happens in our group.

First, every day I personally going through the group looking for questions, cases and areas where my specific expertise can be used.

I comment, interact and push conversations forward when there are gold nuggets you need to read.

(Really.)

In addition... This is THE place where the top marketing experts I mentioned (and many more) are spending virtually ALL their time on Facebook.

Why? Well, a few reasons...

First, we've worked VERY hard to foster a true sense of GIVING in this group. When you check things out, if you're like most people, you'll be VERY SURPRISED at how open people are (even the top dogs) in sharing what's working for them...

Including actual numbers and full case studies...

How were we able to create this type of environment?

Well, because I have so much experience running my \$10,000 / person high-level in-person OceansFour mastermind...

I know HOW to foster that type of giving atmosphere...

And we've recreated that exact type of community in THIS group here...

In fact, you can ask some of the past Ocean's Four attendees who are now part of the Next Level Mastermind...

(Guys like Tim Goodwin, Mike Rhodes, Dan Meredith, Greig Wells, etc. etc.)

Second, we've also setup "Ambassador" roles in the group...

Experts in the group RESPONSIBLE for leading discussion on things like...

- * Rapid salesfunnel creation...
- * Facebook advertising...
- * Email marketing...
- * Market research...

And remember:

The high level marketers in the group you'll immediately recognize the second you join...

Are all PAYING to be in the group just like you...

(That ALONE should tell you how much value this group provides...)

And by the way, the paid barrier to entry is what MAKES the group what it is...

Why the group filled with serious players, who take their business seriously...

And how it weeds out the "wannabees" who aren't willing to make a monthly financial investment in themselves...

Q: I don't feel I'm at the level of success to justify being in the mastermind...

=====

First of all, GREAT COMMENT...

Now, really listen to what I'm about to say:

This is a very common mindset BEFORE you hit the level of success you believe you 'should' have.

And it's this exact mindset that's KEEPING you from breaking through.

On my team I've got a number of people doing various things. From copywriting, to ads, to keeping my schedule organized

And the one thing they all tell me...

... is being around other people who are where they ASPIRE to be...

Is what PUSHES them to elevate themselves.

To be better.

To learn more.

To implement.

To REACH that next level...

So feeling like you're not yet ready to be in our group is ok.

In fact, it's perfectly normal.

And almost every single day, a new member emerges from the shadows in the group...

Introducing themselves...

Saying that they've been "lurking" for weeks...

And finally had the courage to speak up and say hello...

Why?

Because we've created a SAFE place...

A place where beginners and experts ALIKE can get massive value...

And rub shoulders at the same time...

And if YOU feel like you're "not ready"...

Instead of USING THIS FEELING as an excuse...

You can use it as the REASON to hit your goals.

And what better way than to be around people who PUSH you to be better.

Playing small isn't what success stories are made of.

Tough love?

You bet.

Do our members get results?

Come see for yourself :-)

=====

Q: Ryan, I've Already Invested In "Masterminds" Before. What Makes This Any Different or Better?"

=====

This also answers the "I'm a part of another FREE group with some of the members of yours."

Why would I pay for something I already have access to?"

Let me clear up some "mastermind myths".

First, While some of our members are in other 'free' groups...

They ain't sharing the same things.

Sure, they'll interact, sometimes chime in with what seems like a business saving quote.

But when you're in a PAID group, when you've got SKIN IN THE GAME...

The dynamic SHIFTS.

The doors are closed and what's shared inside STAYS INSIDE.

(And what's INTERESTING... is that some of those guys who RUN Facebook groups themselves? Are PAYING to be part of THIS group. That ALONE should tell you

something...)

Why?

Well, when was the last time you saw a complete \$500,000 Sales Funnel broken down step by step, email by email, pixel by pixel in one of the 10,000 member 'free' groups?

Or a page by page dissection of YOUR sales funnel on one of our monthly mastermind calls?

Or posting a QUESTION to the group, and getting over 236 comments responding to YOUR request for help.

(Yeah, that happens in our Next Level mastermind group...)

See, there's a level of commitment when you pay to play.

And because this is a paid group... I have a MASSIVE vested interest in keeping the value flowing your way.

=====

Now...

I understand you STILL may have some questions...

You STILL may have some doubts...

I don't blame you.

And if you're STILL not sure if the mastermind is worth checking out...

Or if it's right for you...

Here's what I recommend:

Don't try to decide if it's right for you or not BEFORE at least checking it out...

Right now (until Sunday, November 16th at 11:59PM PT) you can check EVERYTHING out for yourself... for \$1.00.

It honestly will NEVER get any better than that.

Trust me.

With this special, one-time opportunity we're offering right now...

You have an opportunity to get a FULL 7 days of unrestricted access...

Including access to all archives and past content, templates, replays of mastermind calls and all guest expert calls...

Plus EVERYTHING else you get as a member...

Including this week's UPCOMING LIVE Guest Expert call on FRIDAY this week...

So if you've been THINKING of joining...

Or you're simply just CURIOUS to see what all the fuss is about...

Then I strongly recommend you go ahead and do this now, while you've got this email open and you're still thinking about it...

Here's the link one last time:

[CLICK HERE to Check Out the "Next Level Mastermind" for 7 Days for Just \\$1 Dollar](#)

You'll get a full seven days to check everything out for a dollar...

And then if you like what you see (and I think you will) and you want to continue

enjoying all the benefits of membership...

Then do nothing, and your access will continue uninterrupted for just \$97/month - which is a FULL 50% off the REGULAR price of \$197/month...

Which members are GLADLY paying each month for access to all the benefits...

But remember:

At the stroke of midnight THIS SUNDAY, when the trial offer is done, the price goes back up...

So if you've been on the fence with your finger on the 'buy' button...

This is the ideal time to check things out...

See you inside!

Ryan :-)

P.S. After you sign up, do me a favor and HIT REPLY to this email and let me know...

And when you DO get inside, start by checking out the "Getting Started" section on the right-hand side and be sure to INTRODUCE yourself along with the #1

thing you're looking for help with in your business so we can point you to the best possible resource in the group...

Look forward to seeing you inside!

Ryan :-)
