

LIVE GREEN

The Biophilic Town Framework guides the development of urban landscapes, to enhance the existing natural assets, optimise urban ecosystem services, and enable people to reconnect with nature.

Through this framework, neighbourhood landscapes are designed to promote better environmental health and human well-being by enhancing ecological balance, outdoor comfort, soil quality, water quality, and socio-cultural benefits. Residents can look forward to a wide array of landscape spaces which offers a greater sense of place, and an enhanced quality of life.

Forest Fringe

Live next to the Forest Fringe, a linear green filled with rich biodiversity.

Forest Living Room

Get closer to nature and bond with other residents at the Forest Living Room.

Community Gardens

Grow your own fresh produce within the community gardens in each precinct, and along the Farmway.

Thematic Playgrounds

Come play in the naturalistic, fruit and vegetable-themed playgrounds for the young and young-at-heart.

What is the Forest Fringe?

The Forest Fringe is a linear green that runs along 3 edges of Tengah. This means that you will see greenery whether you are traveling along PIE, KJE, Brickland Road or Bukit Batok Road, making Tengah a Forest Town.

translation

与自然和谐共处
 建筑发展局生态指标指引城市发展空间加强现有的自然资产，优化城市生态系统服务，及让居民和大自然和谐共处。

Gaya Kehidupan Hijau
 Rangka Kerja Bandar BioRitik HDB memberi padanan kepada pembangunan lanskap bandar untuk memelihara aset-aset semula jadi yang sedia ada, mengoptimalkan perkhidmatan ekosistem bandar, dan membolehkan orang ramai mendekati alam semula jadi.

இயற்கையுடன் 'ஹர்பி'யாக
 கட்டிடம் வளர்ப்பது உடனடியாகவே நடைமுறைப்படுத்தப்படும். இது நம்முடைய நகரத்தை இயற்கையின் மூலக்கூறுகளைப் பயன்படுத்தி மேம்படுத்தும். இது நம்முடைய நகரத்தை இயற்கையின் மூலக்கூறுகளைப் பயன்படுத்தும், அதன் மூலக்கூறுகளைப் பயன்படுத்தும், அதன் மூலக்கூறுகளைப் பயன்படுத்தும்.
