Your scaled score is between 400 and 495. Test takers who score around 400 typically have the following strengths:

- They can infer the central idea, purpose, and basic context of *short* spoken exchanges across a broad range of vocabulary, even when conversational responses are indirect or implied.
- They can infer the central idea, purpose, and basic context of *extended* spoken texts across a broad range of vocabulary. They can do this even when the information is not supported by repetition or paraphrase and when it is necessary to connect information across the text.
- They understand details in *short* spoken exchanges, even when negative constructions are present, when the language is syntactically complex, or when difficult vocabulary is used.
- They can understand details in *extended* spoken texts, even when it is necessary to connect information across the text and when the information is not supported by repetition or paraphrase.
- They understand details when the information is paraphrased or when negative constructions are present.

HOW TO READ YOUR SCORE REPORT:

Percentile Rank: Percentage of the global TOEIC Secure Program test takers in 2020 through 2022 scoring below your scaled section score.

Percent Correct of Abilities Measured: Percentage of items you answered correctly on this test form for each one of the Abilities Measured. Your performance on questions testing these abilities cannot be compared to other test takers who take other forms or to your own performance on other test forms. The average for each ability is the averaged percentage of items answered correctly by the test-takers of the TOEIC Secure program on this form.

Note: TOEIC scores more than two years old cannot be reported or validated.
