Full Timeline 20230550048.docx;

Major Robinson and Captain Horn,

I just stepped out of a meeting with Lieutenant Giaccio. He has asked that both Millers review the timeline he provided and the videos of the proffer that he provided. He would like both Millers to revisit their work products in regards to this case in light to the proffer statements and provided timeline. He said that he will provide me the list of interpretations that either B3 or B1 and B3 made that will need to be rectified, explained, or revisited prior to the next court date. He doesn't believe Pathfinder is proper at this time, but will discuss it with his team and let me know. Please let me know if you have any questions.

Thank you,  
-Ames
