I was also surprised, but I liked it. Your mother messaged me saying she is going to see Ryan now, and he is coming to see me. She will wait for him because I have something for Ryan. Long time driving. I hope to be able to call you soon. That's weird, the phone is still not working either. The deputy said it wasn't working yesterday so they turned it off to reset, and should be on after walking through. But so far, nothing. As soon as I work again I'll call. Love you!

Eu também fiquei surpresa, mas gostei. Sua mãe me mandou mensagem dizendo que vai ver o Ryan agora, e ele vai vir me ver. Ela vai esperar por ele, porque tenho uma coisa para o Ryan. Longo tempo dirigindo. Espero poder te ligar logo. That's weird, the phone is still not working either.
