Hi handsome!

The hardest part of being here, it's being away from you, not seeing you in person, not touching you, nothing but calls and video chat. It helps, but that's not what I want. There are so many songs I think of when I'm thinking about you, all the time I mean. Like FOB "the last of the real ones", where you also said you think of me, "I'm the sun and you are the planets, spinning around you, spinning around you" and I say "this whole damn city thinks it needs you, but not as much I do, as much I do" and "And if they find you, I will protect you, I will protect you". - that's sad I don't remember the whole lyrics. Just like "In case you didn't know, babe I'm crazy 'bout you, and I would be lying if I say I could live this life without you" And I mean it. I miss you so much. It hurts a lot, babe. You are everything to me. I cannot bear living here without you. I'm most afraid of not seeing you anymore. I just want to cry. It hurts me so much. I'm sorry for going through this. I wish I was there with you. But I hope you feel my love even from far away. We are so close but so far at the same time. I wish I could have our pictures with me. I'm trying to be as strong as I can. It's actually getting harder. Everybody here tells me "you don't seem ok", because I'm not okay (remember the song "I'm not okay") And I don't know if or how I be ok without you at some point. I just can't bear the fact I'm not with you, and the fear of you giving up on me or us, because the time is passing and I'm not there, and I don't know for how long. All I want is be with you, my love, my person, my handsome. I love you more than anything and I hope to see you and be with you asap. I miss you every single minute babe, it's too much pain that I don't want to live to feel this. Can't wait to be with you, my love.

With love, Juliana Peres ♡
