

Men Amor

The poem you gave me is probably the best <sup>and most meaningful</sup> present I ever received. It is absolutely beautiful. Your heart is beautiful and fills me with warmth. I feel your love all the time. You are incredible.

You keep telling me you are replaceable but you are different from any person I ever met any person I ever had a relationship with. (Male or female). You became my best friend I never wanted to be apart from you. I wanted to do everything with you. Show you the world. I still do. I want to share my life with you. I want to be your husband, have children with you. I didn't want more children before. You changed that with me. I know you will be an incredible mother.

My thoughts are all over the place so I'm going to try to make sections but I may jump around. That's the hard part of not using a computer to rewrite and organize.

Maybe some of the worry you have is because you don't have my things, reminders, ~~visuals~~ visuals. I Live with you where you don't live with me currently. I find your hair in my clothes. Your clothes are in the Closet. (I looked at the dresses and can't wait to see the red one). Your 2 water bottles are on the night stand with your chargers next to the bed. Your hair brush with no handle is on the bathroom sink. Your pictures are in the room. Your perfume is on the night stand with your cream. I can imagine you putting on your cream and perfume and your wonderful smell!! ♡ Your shoes and flipflops are next to the night stand. I sometimes spray your ~~pillow~~ pillow ~~with~~ with perfume so it smells of you. You always were the best smelling person in the world. I wash my hair with the pantene shampoo/conditioner that smells like you. Your pink soap bottle is still in the shower. You helped to change the shower, paint, install new hardware.

Every where I go. Everything I do I ~~see~~<sup>see</sup> you. You are truly Unforgettable 😊.  
I have even looked through your laundry basket. Your towel is on the back of the closet door.

Most of our calls I go upstairs and talk to you in the bedroom. I often ~~stare~~<sup>re</sup> at our pictures while we talk. Sometimes I flip through the strips of paper you sent me while we chat.

I like to sit at the counter and talk at night or read my book, and writing to you. If your spot is on my chest/shoulder this may be my spot where we spent our first night, long conversations looking deep into your eyes. Holding your hand, rubbing our legs, sharing intimate moments.

Obviously there is comfort in bed cuddling and laying down. But the counter is where I shared myself with you. Spoke about my life, My love of you. Hopes, dreams, plans. It's where we got to know each other.

It's where we flirted, shared drinks,  
meals, snacks, chocolate covered strawberries  
if you were upset, sometimes even more  
if I couldn't wait to touch you.

Things I only shared with you.  
I think you are the only person that

Watching you get ready. Picking out dresses, slipping them on, putting on heels, so I can grab you, spin you around and kiss you forever. Watch you brush/dry your hair. After naked, underwear, robe. It was a true fantasy. Done by my dream girl.
