

Def. Exhibit 194

16363905	<p>I've been blindfolded before, something thrilling, I enjoy that.</p> <p>I like being gagged with balls, muzzle, stuff like that.</p> <p>One of my limits are no hitting/ leaving marks on my face, because I need to be able to go to work. But, I really enjoy having my ass spanked with belt, hands, and whatever else do you have. I enjoy being shocked as well, being forced to do things in general, it's exciting and thrilling having someone make you do things, with no chance for me to scape. I don't really have experience with anal though, but willing to get experience, practicing.</p>	1/30/2023 22:47	new here?
16363905	<p>First, thank you for being honest, it's important and I appreciate it.</p> <p>Second, I'm married as well, have my family. Different from you and your wife, he doesn't know anything about this, about what I've been doing. He is not interested in stuff like this, and he doesn't enjoy being aggressive, etc., and that's all I want, being dominated. With that said I believe we agree in keeping this as a secret, for both of us.</p> <p>I don't intend having many people anyways, so I would be totally fine having you as long as we can please each other, and be together sometimes. But if you say I can see someone else, then maybe I'll think about it. But, by then I'll be all yours, as your property. No drama/ needy person here.</p>	1/30/2023 22:58	hi sexy
