## WORK HISTORY

### **Full-Stack Content Creator**

**2011-Present**

Creating content and building communities to make the best experiences possible. Experienced with all types of media, popular platforms, and aspects of creative work in hundreds of projects, channels, and brands. Comfortable working in leadership, solo, and supporting roles. Skills, roles and interests include: musician, filmmaker, writer, visual design, community building, team building, live streaming, short-form video, UX design, video editing, vfx, photo editing, singer-songwriter, multi-instrumentalist, music production, brand design, tech troubleshooting, engineering, acting, directing, podcasting, interviewing, hosting, curating, moderating, memes, dance, sports, comedy, education, marketing, analytics, partnerships, web design, product management, social media engagement, business development, business administration, and storytelling. Always learning and love to share the best experiences possible. More details and links available upon request.

### **Web3 Researcher, Communicator, and Builder**

**2017-Present**

Studying blockchain tools, communities, and philosophy since 2017. Frequently writing, speaking, and building blockchain communities and tools since mid-2020. Passionate about solving all problems, exponentially improving our societal systems, empowering creators and communities, and making the best experiences possible for everyone in the world with blockchain-empowered tools and communities. Making content and tools to help people understand the immense benefits of blockchains, cryptocurrencies and decentralization at the broadest and most philosophical level, and building on the frontier of innovation at the finest level. Administrator and leader in many large communities. Building relationships with hundreds of entrepreneurs and teams in the space. Building brands, channels, tools, and communities to create profound benefits for all. More details and writing available upon request.

### **Tennis And Music Teacher**

**2016-Present**

Helping students of all ages and skillsets learn and enjoy the wonders of tennis and music. Working with individuals and large classes as an independent teacher and with local clubs. Building long-term relationships with students and families to help impart a healthy lifestyle, technical skills, mental skills such as focus and fortitude, social skills, helpful values, and ever-growing sense of appreciation, love, enjoyment, and excitement for activities that help us grow.

### **Promotional Representative**

**2006-2020**

Interacted with people and promoted wide range of products in all types of settings. Hundreds of products and services include ZICO coconut water, T-Mobile, El Tesoro tequila, Makers Mark bourbon, Keurig coffee machines, GE energy efficient light bulbs, Weber grills, Dyson electronics, Capital One, and Pepsi. Settings include major sporting events, concerts, guerrilla sampling, charity events, promotional tours, and in-store retail outlets. Experienced in management roles, comfortable driving large vehicles and assembling promotional material.

### **Independent Ticket Broker**

**2012-2016**

Created online business of buying and selling tickets for concerts and sporting events on primary and secondary markets such as Ticketmaster and Stubhub. Worked with many organizations to set up business infrastructure, attended national industry conventions, and helped friends also start independent ticketing businesses.

## Founder and Filmmaker at Recycling Furniture

2011-2012

Founded Recycling Furniture, a non-profit project to collect donations of used furniture, organize and teach large groups of students to restore furniture to like-new condition, and donate to low-income families and partnering non-profits. Partnered with Habitat for Humanity of Suffolk County and local high school. Negotiated sponsorships with large corporations such as Extra Space Storage and Ace Hardware. Received television and print media coverage across Long Island, NY and honors from the local governments. Coordinated filming crew and documented process on social media. More details and links available upon request.

## Education

Graduated from Fordham University (New York, NY) in May 2012  
Business Administration Major: Dual Concentration in Marketing and Finance

Very experienced traveling solo and in groups to many countries and learning many cultures. Many more skills and interests such as surfing, tai chi, yoga, acroyoga, camping, astronomy, cosmology, biking, running, rock climbing, strength training, nutrition, health, longevity, futurism, extropianism, infinite games, tools, technology, history, science, positive psychology, flow, art, nature, empathy, improv, comedy, and juggling! Life-learner and autodidact, excited for every moment 🎵
