

Seed Keeping] store memories from indigenous plants
GMO seeds
what it means to be a seed keeper
→ sowing passion between hearts

artistic → database

of photos

Fake memories.

data landfill ↔ seed saving

→ fabricate a physical sculpture for a data landfill

ALTERNATIVES TO PRINTING

connecting electricity to photo

slides?

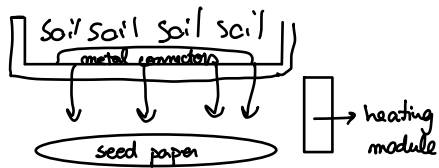

stamp on an apple? → rithie's apple

stamping

what are ways we categorize memories?

chemical memory

input could be something related to soil & water

for auna live printer

sculptural visualization
of seed keeping

hands → ejects seed
touch

jenga that stocks data
falls bricks open into
seeds.
