

AMXPO

Asia Machinery & Manufacturing Expo Korea Formerly:

DTon KOMAF

HOMEPAGE

Asia Machinery & Manufacturing Expo Korea (AMXPO),

reborn from the Korea Machinery Fair(KOMAF), marks a new era for Korea's manufacturing industry.

Since 1977, it has been the nation's leading capital goods exhibition, and today, it has evolved into a converged manufacturing ecosystem, connecting every process, technology, and innovation across the industry — from digital transformation and AI-based smart manufacturing to ESG initiatives and intelligent automation.

AMXPO 2026: The Link to the Future of Manufacturing invites you to experience the full spectrum of innovation, explore new market opportunities, and engage directly with the technologies and leaders shaping the next generation of manufacturing.

AMXPO 2025 Review

"The exhibition was professional, offering various support for companies, and provided many opportunities to meet overseas buyers."

Exhibitor, CEO, Korea

"It was helpful to explore and learn about new technologies firsthand at the exhibition."

Visitor, Key Decision Influencer, Korea

"AMXPO 2025 provided a well-curated platform for meaningful industry engagement, valuable exposure, and seamless networking opportunities."

Buyer, CEO, UAE

AMXPO Strengths

Co-Organized with the Industrial AI Expo AMXPO has evolved into a premier industrial platform that transcends traditional machinery and manufacturing to envision the future of Physical AI and Autonomous Manufacturing.

Buyer Matchmaking Program is supported free of charge with selected overseas buyer from Informa Markets DB to establish international trading networks.

South Korea is one the most attractive and growing markets in Asia to serve worldwide visits and purchases with geographical and economical advantage.

Promote Your Company & Technologies via Digital Showroom and Official Media Partner based on the dedicated support of the organiser.

Exhibits

- Machining center, CNC lathe
- Multi-tasking machine, Milling machine
- Cutting tool, Diamond tool
- Press, Pipe bending machine, etc.

Metalworking

- Digital manufacturing equipment
- Manufacturing automation equipment
- Sensor, Actuator
- Smart factory solutions, etc.

Smart Factory

- Carbon Neutral Tech
- Renewable Energy Tech
- Heat Pump & Exchanger Systems, Air Compressors
- Plant & Process Equipment, etc.

Eco-Friendly & Energy Technologies

- Forming machine, Sorting machine
- Bolt and nut, Bearing
- Industrial materials, Other general-purpose materials, Related parts, etc.

Materials & Parts

- AI Infrastructure
- Embodied AI
- Physical AI
- AI Agent
- AI Applications
- AI Orchestration

AI Autonomous Manufacturing

Stand Rate

SPACE ONLY
min. 2 booth(18m²)

- Exhibition Space
- Digital Showroom Listing

SHELL SCHEME
min. 1 booth(9m²)

- Exhibition Space
- Octane System
- Pylontex (thin carpet)
- LED Spotlight – 5ea
- Socket (220V) – 1ea
- Info Desk & Foldable Chair – 1set
- Waste Bin – 1ea
- Digital Showroom Listing

PREMIUM STAND
min. 2 booths(18m²)

- Exhibition Space
- Block System
- Pylontex (thin carpet)
- LED Pillar – 2ea
- Fascia Board – 1ea
- Wall Graphic – 2 ea
- LED Arm Spotlight – 6ea
- Socket (220V) – 1ea
- Info Desk & Foldable Chair – 1set
- Waste Bin – 1ea
- Digital Showroom Listing

Digital Membership

- ① Build and operate online business platform
- ② Provide exhibitors exclusive page in the digital showroom
- ③ Provide platform operation services

USD 3,300 / booth

USD 3,800 / booth

* Includes basic booth equipment (USD 500)

USD 4,600 / booth

* Includes premium booth equipment (USD 1,300)

USD 300/exhibitor
→ **Complimentary Registration by Mar.31, 26**

* The booth design and specifications are subject to change.

* 10% VAT applies under the Korean Value-Added Tax Act, except for countries with tax exemption agreements.

* Discounts are valid on Space Only rates.
