Problematic
toenail care

Nine natural
extracts

The secret of the soft JOR G Complex PEDI ESSENCE

Cosmetic ingredients that capture the elegance of nature!
We deliver the energy and fragrance of the green power of rosemary leaves,
Houttuynia cordata, tea tree leaves, and green tea.

No more rough Nails!

Dr.kralle

Main Ingredients

Urea, Panthenol, Centella asiatica extract, Green tea extract, Rosemary leaf extract, Houttuynia cordata extract, Tea tree leaf extract, Asiatic knotweed extract, Scutellaria baicalensis extract

WHAT JOR G Complex?

The complex that brings together the green power of rosemary leaves, Houttuynia cordata, tea tree leaves, and green tea as cosmetic ingredients that embody the quality of nature

Rosemary leaf extract

An extract with nature-derived ingredients that gently calm the skin

Green tea extract

An extract that protects the skin, adds vitality, and makes it clear and healthy

Houttuynia cordata extract

Helps relieve blemishes and provides truly clean skincare

Tea tree leaf extract

Maintains healthy skin by calming skin and controlling oil to reduce dryness

*The above is limited to the characteristics of raw materials.

PEDI SAVER

Healthy toenail treatment for fungal nails

Take cares of your unhealthy and infected toenails by fungus with PEDI SAVER

Superior anti-bacterial cleaning of PEDI SAVER bubble effect

What is the **condition** of your toenails like?

Tawny discolored toenail

Broken and thick toenails

Pain on the edge of toenail

Yellow and white lines on the surface

From removal of dead skin to moisturizing, 3-STEP solution.

Worried about stubborn
dead skin on the feet?

Get smooth foot like a baby

STEP.03

Shea Butter Soft Cream

15% Shea Butter
Strong Moisture Barrier

Just applying Kralle gel will get you flat toenails.

KRALLE GEL

Just applying Kralle gel will reduce pain and C-curve gets flat and become the best condition to do nailart.

Don't suffer anymore Just simply apply !

KRALLE GEL **BASE**

Apply this step 1 BASE GEL on nails or toenails which care and treatment are done.

This BASE GEL having strong adhesive, will make Recover gel more stick to nails and toenails.

KRALLE GEL **RECOVER**

Apply this step 2 RECOVER GEL two or three times after the base gel.

This will lift up your nails and toenails on the both edge side.

KRALLE GEL **NON-WIPE TOP**

Apply this step 3 NON-WIPE TOP GEL after RECOVER GEL.

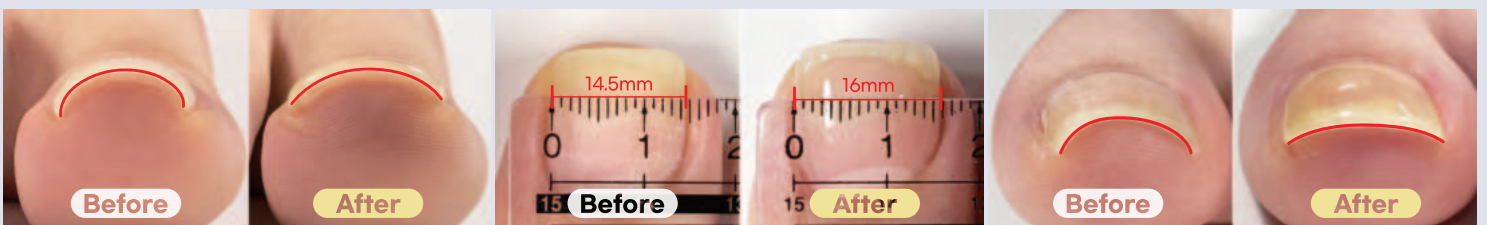

This will help the duration of lift-up effects and protect yours without leaving residue on your nails.

“ What’s good ” about **Kralle gel**?

This is 3-step is as easy as anybody can do it at home.

Kralle gel is highly recommended for those below

- ✓ Those who have difficulty in walking due to ingrown toenails.
- ✓ Those who have difficulty in receiving nail care due to C-curve.
- ✓ Those whose toenails keep digging into after every care.

Ingrowing Nail ! Don't hold it in KRALLE NAIL KIT

INFORMATION

Name	Lupine Portable Nail Multi Sterilizer
Model	MK-1000
Product Size	137 x 80 x 85(mm)
KC	R-R-nsj-SJnailart1
Power	- 5V output adapter (automatic disinfection, instant sterilization / adapter recommended for 24 hours or automatic sterilization) - AA battery (Instant sterilization only / can be used for about 2~3 months when disinfected 3 times a day by instant sterilization)
Adapter	Easy to use with auxiliary battery (automatic sterilization termination outside of daytime is recommended)
Product Composition	This product, USB charging cable, three AA batteries
Manufacturer	SJ Nail Co., Ltd.
Country of Manufacture	KOREA

FIXME

PROFESSIONAL SEMI PERMANENT MAKE UP BRAND

ROMEOCOS SEMI PERMANENT PIGMENT

The semi-permanent pigment FIXME, developed by professional medical device manufacturers and researchers, is a safe pigment that is harmless to humans. It has excellent color and excellent coloring power.

01

Excellent Color

Developed by professional medical device manufacturers and researchers, the product has excellent color and excellent color quality.

02

Biocompatible Pigment

FIXME does not contain heavy metals ingredient such as formaldehyde, phenol, parabens

03

Non-toxic Pigment

it does not contain heavy metals ingredient such as formaldehyde, phenol, parabens, and can be used with confidence through the sterilization process.

ROMECCOS SEMI PERMANENT PIGMENT FIXME

01 BLACK

15ml

A very vivid black color commonly used for eyeliner treatment. The color lasts longer when it is applied, mixed with a drop of Real Red color.

Self Inspection No.
D-A12B-H00060003-A170Ach

02 BLACK BROWN

15ml

As the darkest brown, it can be solely used for men's eyebrow.

Self Inspection No.
D-A12B-H00060005-A170Ach

03 DARK BROWN

15ml

It is commonly used for eyebrows of women with darker skin tones, as well as underline.

Self Inspection No.
D-A12B-H00060005-A170Ach

04 CHOCOLATE BROWN

15ml

The most popular, and most basic color for eyebrows.

Self Inspection No.
D-A12B-H00060005-A170Ach

FIXME EYEBROW GRID

—
Eyebrow grids that make guide lines faster and easier than pen-based sketches during semi-permanent eyebrow procedures

Black ink

Semi-permanent eyebrow design is fast and easy!

[User Guide Tip]

1. After opening the cap, press and release the cap several times to get ink on the thread.
 2. If there is too much ink in the thread, wipe the thread with tissue paper or cotton.
 3. When the ink dries, add a drop of water.
- ※ If the ink dries out in the cap after first opening, open the cap and add 1~3 drops of water.
