SBOC Winter League 4, Llanmadoc Hill, 13 January 2013

As you know, four controls were moved to the paths (Roger found the last one (18) on a path (just above 22)). A lot of people spent time looking for controls 18 and 21 which will have affected their score and unfortunately nothing can be done to correct that. Some people found 18/21 and others didn't, so the question is whether to include them or not. As these two controls were not near their correct location, they are unlikely to have been found by skilful navigation and I have decided to exclude them from the results, which are below.

	Class	Points	Time	Penalty	Score
1. Kris Jones	M21	38	47:12		38
2. Matthew Jones	M21	38	53:54		38
3. Chris Lewis	M40	38	54:18		38
4. Sander Vaheer	M21	38	56:26		38
5. Ben Mitchell	M20	36	52:14		36
6. Sam Mitchell	M18	34	53:39		34
7. Margaret Reynolds	W50	30	53:41		30
8. Steve Jones	M55	28	56:49		28
9. Roger Stein	M60	28	57:11		28
10. Patrick Jones	M18	27	48:16		27
11. Leighton Anthony	M50	25	52:09		25
12. Dave Mitchell	M55	26	60:21	1	25

* Non competitive

If you are wondering how ignoring 18 and 21 has affected the results, here they are before adjusting:

2.Matthew Jones	M21	41	53:54		41
3.Chris Lewis	M40	38	54:18		38
4.Sander Vaheer	M21	38	56:26		38
5.Ben Mitchell	M20	36	52:14		36
6.Sam Mitchell	M18	34	53:39		34
7.Steve Jones	M55	31	56:49		31
8.Roger Stein	M60	31	57:11		31
9.Patrick Jones	M18	30	48:16		30
10.Margaret Reynolds	W50	30	53:41		30

13.David Doherty	M55	25	60:21	1	24
14.Stan Szajda	M65	17	63:11	4	13
15.William Arnold*	M10	18	59:28		18

So, it didn't make a lot of difference. The first six positions are unchanged and no-one moved down by more than one place.

I hope you enjoyed the day despite the controls being moved. Many thanks to Cris, Chris, Dave D and Roger for bringing in the controls.
Dave Bird.
