Thanks for attending, weather was superb and views better. We had some vandalised controls on the Yellow, controls 1 & 2 were taken and thrown into the bracken, fortunately Peter Lake found them after going back out to see if he could locate them. We seem to have a disgruntled local as my tags (6 inch canes) were also moved and placed on the village green (where the start was)! Don’t understand the “locals” logic on that. Not sure what the answer is but maybe not start another event from the LLanmadoc village side (2 controls = £200.00!)
Thanks to Ben, Simon & Kevin (SOC) and Sarah for collecting controls in, and Sarah for handling registration.
