PATRICK JONES	SB0C	M18	MJ	47:16	Wrong No. 12
LOWRI BUTTERWORTH	SB0C	W16	WJ	58:02	Missed No. 5

Thank you all for coming to the first event at Carn Goch, we hoped you enjoyed it, between the showers.

We thought the area could sustain a Green and the butterfly loops allowed for that. We thought the area would be fast, even with the climb, but looking specifically at the Green course it could have been a little shorter (~4.5km) to get more competitors at the 10min per km mark.

It is a great area and a beautiful location and hopefully Sarah and I will get our turn next time to race around it.

There were a pair of black Craft gloves left behind (about 3 cars up from where we were parked). Get in touch if they are yours.

Also on the full print out Sander and Jenny's SI Number was not printed, if they are new cards you may wish to register them on the SI events web site and then your info will update the database.

One final note, the road was 00Bs as per the map and descriptions (naughty people!), we only put it as 00Bs as there was a possibility of cars going to and from the farms.

Sarah and Phil
