Many thanks to all who turned up, weather was great – though perhaps a bit warm for sand dunes, but I do hope you enjoyed your runs. Sorry the first controls on the green and light green were a bit

close together such that they caused confusion and that the vegetation had grown significantly since I planned the courses – one control site looked totally different (eg no. 9 Light Green).

Huge thanks to those who helped bring in the controls, especially Pete Couldrey who brought in the furthest away greens (whilst running the course), Stephen Richards, Niall Reynolds and Stephen and

Carys Lock.

Any obvious mistakes with the times let me know.... I hope I have done the maths correctly.

Gill
