August is not the best time of year to use the Gnoll because of the undergrowth, but we used the area again in the Summer League as we were told that a major felling of diseased trees would start in September. We'll have to wait to see what impact that may eventually have on our use of the area and how much remapping may be required.

That ends the summer league for 2013 but we shall continue to have events for the next 5 weeks, but usually in a more informal arrangement (i.e. not the normal 4 colour coded courses). Details can be found on the fixtures page.
