Reverify to keep your student discount

Your Spotify Premium for Students with Hulu and SHOWTIME plan expires in **30 days**. To keep your student discount, you need to reverify that you're enrolled in a college or university.

[REVERIFY NOW](#)

If you don't reverify, you'll automatically switch to Spotify Premium after your expiration date and be charged the then-current price of Premium each month until you cancel. Learn more about the current [features of Premium](#) and our [Premium plan terms](#) — we encourage you to review them again once you make the switch, as they may change.

Not a student anymore?

Find your perfect Premium plan on your [account page](#).
