DAM - live art zine; creating issues in real-time.
Inspired by DIY ZINE culture, DAM celebrates decentralized art.

DAM issue #1 "7 Deadly Sins of Crypto"

AVAILABLE NOW on SOLANA & TEZOS

+Exchange +FormFunction +Objkt +Teia

Each DAM issue has a theme and a number of invited featured artists.

In addition all artists are welcome to contribute to DAM. To join you just need to show up.

DAM issues are co-created in real-time within a twitter space and/or discord.

DAM is decentralized. Artists mint their own pages how and where they like. Any blockchain any marketplace as 1/1s, multiple editions, auctions and/or instant buys - your call.

We ask that you add a simple mention of DAM Zine in the description and tags to aid discovery. In addition we ask that you consider giving a royalty (amount is up to you) to DAM's Solana or Tezos wallet. The funds go to help support the logistics, design and promotion of the Zine. In addition a percentage of funds will be applied to the collecting of work for DAM's permanent vault.

DAM is a zine

that celebrates decentralized art
that encourages artistic freedom
that celebrates creativity, connection & co-creation
that experiments with new models of art making & collecting
where artists own their work
where artists price & sell how they want
that is decentralized in the way it is made, distributed & discovered
that is blockchain & platform agnostic - it is everywhere & anywhere
assembled by collecting individual pages directly from the issue's artists
