Subject: Last Painting Update???

Message: Dear Sweetbay Neighbors,

The painting of Sweetbay homes, pool house and entrance monuments is now complete! Our village looks beautiful and we can't wait for all of you to see it when you return for the upcoming season. If you can't wait to see it, photos of all Sweetbay homes as well as our pool house and entrance monuments can be seen on our website, sweetbay.fyi.

Due to an outstanding paint contractor and crew along with great "painting weather", the job was completed in 2 months instead of the anticipated 3 month timeline. All of the houses were primed/sealed and then a top-coat was applied. None of the houses required a second top-coat, thus no additional expenses were incurred.

Thank you to Dick McCleary for all of his hardwork in overseeing the paint process and coordinating efforts with both our Hartzell paint crew and with Lisa Andrews, our Benjamin Moore Paint Representative!

Happy Summer to all!

Joanne Harris
