1-2-4-All (EN)

Explore an idea or problem by drawing on collective intelligence

This activity allows for the exploration of an idea or problem. During the process, a question stemming from the idea or problem is posed. Participants first respond individually, then share their response in pairs, followed by group discussions, and finally engage in a full group discussion. Implementing this activity encourages active participation from each individual, provides opportunities for in-depth exchanges in small groups, and concludes with a broader discussion.

Nombre de participants
8 - 16

Durée prévisionnelle
20 mins

Durée	Nom d'étape	Notes	Mode et Droits	Contenus	Outils
5 mins	Activity presentation	**Notes** - Explain the objective of the activity and how it will be carried out. - Present the idea or problem to be explored to the whole group and ask a question arising from this idea or problem.
