Common Ground

Building connections to unite a group

During this activity, participants are divided into teams to discuss and identify all their commonalities. Each team then selects the most original commonality before presenting it to the rest of the group. At the end of the activity, participants vote for the most original commonality among those presented by the different teams.

Number of participants: 8 - 36

Estimated duration: 15 mins

Duration	Step name	Notes	Mode and Rights	Content	Tools
5 mins	Activity presentation	**Notes** Explain the objective and procedure of the activity.
