Family Portrait

Promote inclusion, create a sense of belonging and foster an environment conducive to dialogue.

In 30 minutes, participants create a creative self-portrait to introduce themselves to others in a fun way, indicating their expectations for the workshop, event or training session that will follow. The creations are then assembled to form a large collective ‘Family Portrait’.

Number of participants: 8 - 32

Estimated duration: 30 mins

Duration	Step name	Notes	Mode and Rights	Content	Tools
7 mins	Launch of the activity	**Notes** - Weather ice-breaker: Gauge participants' moods based on the weather layout. - Stopwatch: Ask participants to write down their expectations for the training session and start the timer. **Instructions** - Move to the mat that corresponds to your mood for the day. - You have 1 minute to write down your expectations in your personal note.			00 h 01 m 00 s
