Nicolas GIBAUD Founder Abbaco

Inspiralia Group' spinoff

### Agenda

Inspiralia Group and the European Innovation Council of the European Commission

**EIC Accelerator program building blocks** 

How to apply?

Ask your questions anytime or during the Q/A at the end

A poll will be launched: you will get it here

-> You will receive the presentation

2023-01-23

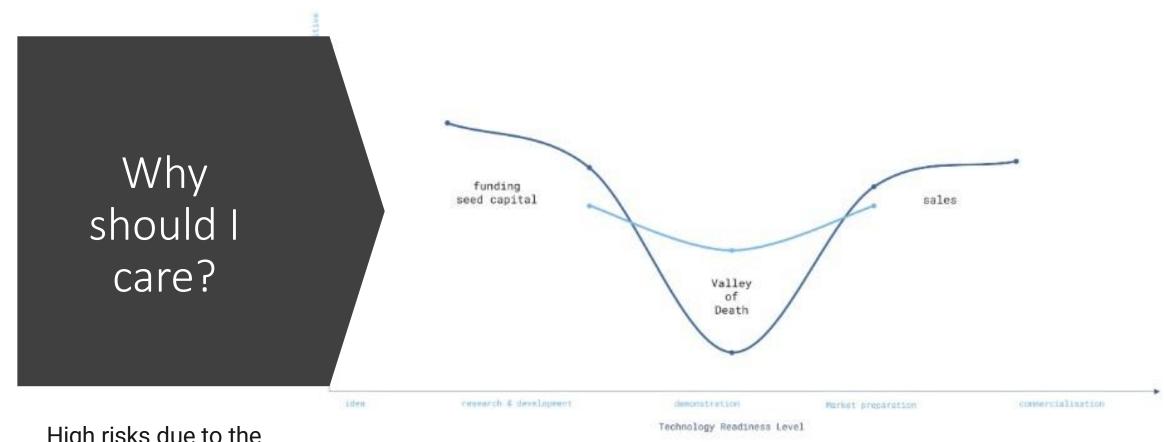

## Why Inspiralia?

Nicolas GIBAUD Founder Abbaco

Inspiralia Group' spinoff

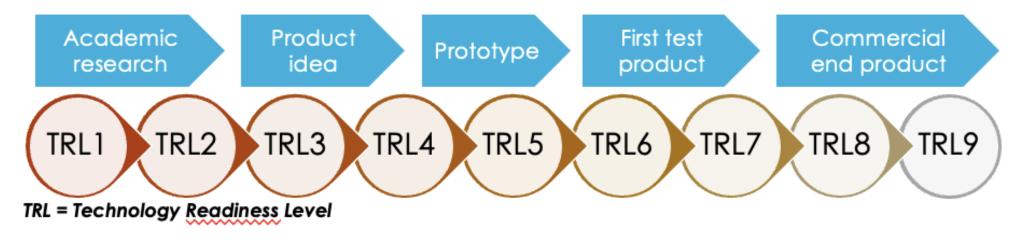

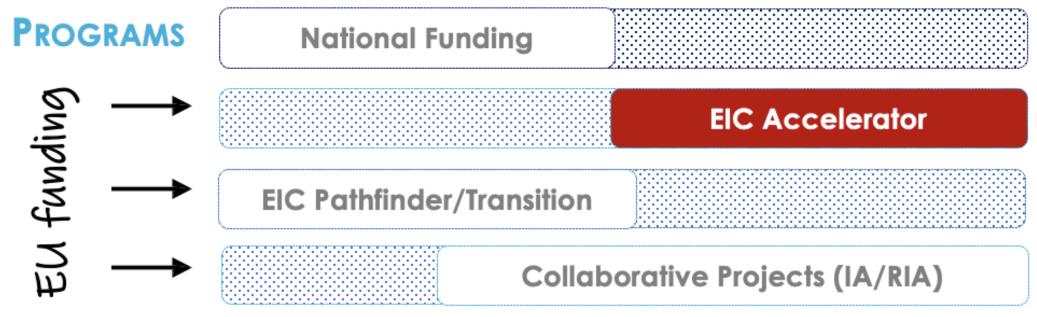

-- Cash Flow -- EIC Accelerator

High risks due to the fragmentation of the innovation eco-system, lack of risk finance.

Bridging the Valley of Death (c)EurA

**1946** Our mother company "Process Engineering Research Association" is created by Winston Churchill's Government

**2005** Inspiralia Branch is created to operate in Southern Europe

**2012** Inspiralia becomes an independent company owned by its employees, operating all across Europe

**2018** Inspiralia expands and open offices in the USA (Miami), now with headquarters in the UK (Cambridge), and Austria (Vienna)

### Company

- Startups
- Scale-ups
- MidCaps

**Team** 

- Engaged,
- Charismatic leadership
- Mix of technical & Commercial skills

Project

- Disruptive
- Already funded
- Innovation award winner

**Project** 

- Health related
- Green / Sustainability related

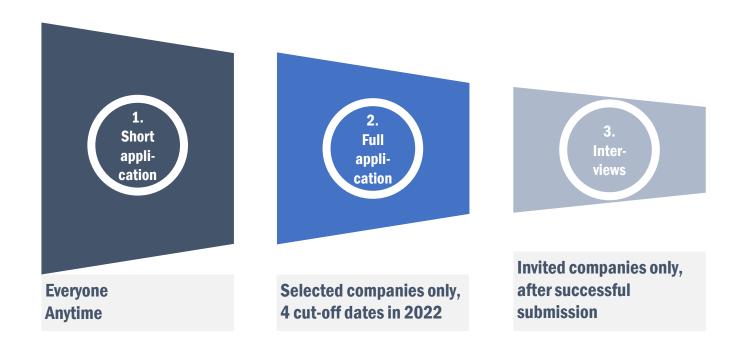

Team

 Women led company

• Goal: given the growing number of files, filter out unrelevant applications.

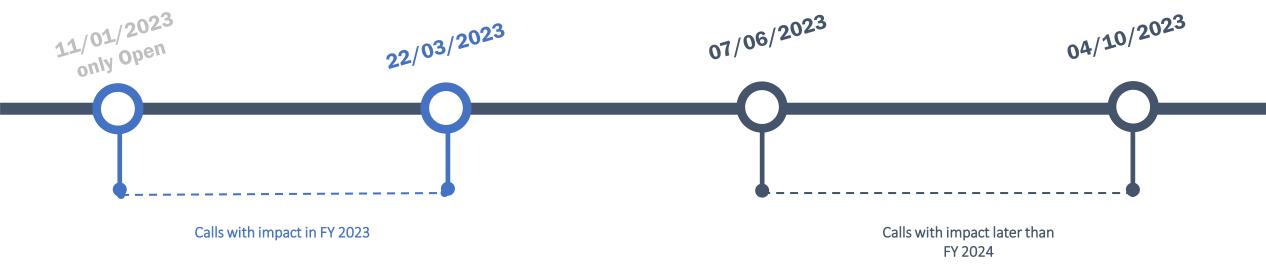

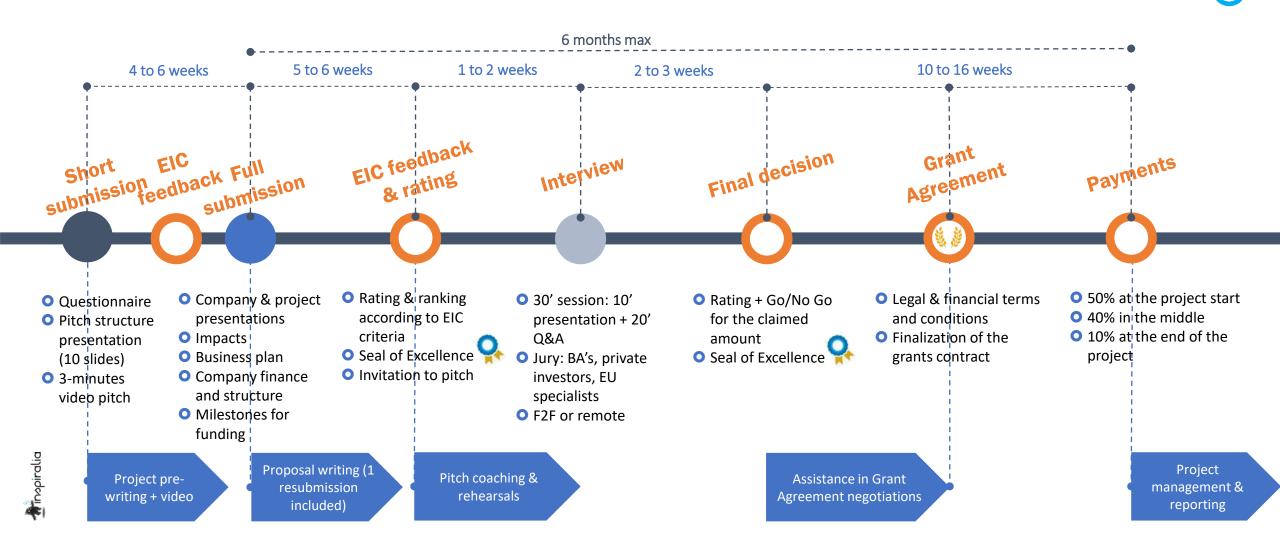

- Re-submissions limited to 1 for each step
- Cooling down time: 12 months to re-submit

Considering a 10/12-week workload to prepare the application and a 6-month time to funding

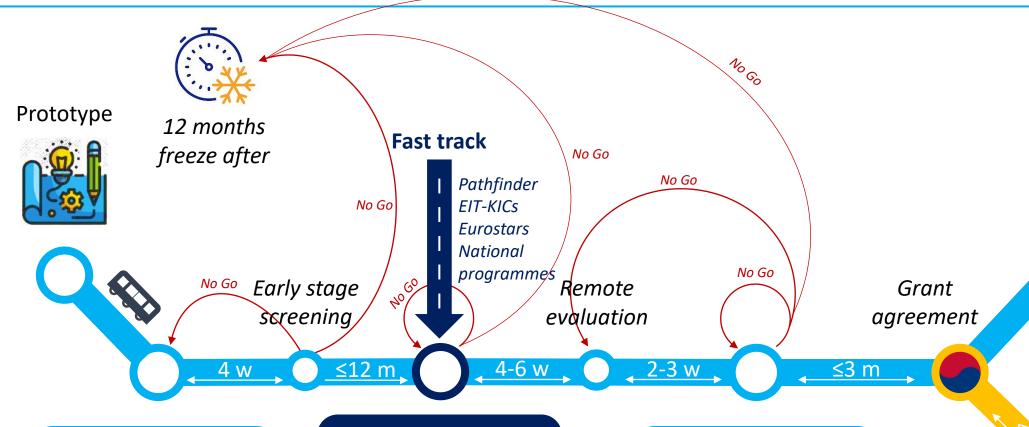

**Product** 

### "Short" application

Submitted at any time
Results around
4 weeks after submission

### **Full application**

Submitted in a deadline:

- 11 January 2023
- 22 March 2023
- 07 June 2023
- 04 October 2023

### **Jury interview**

Invited to pitch in front of a jury of 6 members
Final decision follows

# Click here to access the poll

- Save time, but not engagement
- Share the experience of hundreds of submissions: tips & tricks to break through
  - elaborate the file + business plan according to EIC requirements
  - coaches for F2F meeting: list of potential questions
- Multiply the chances to be successful by 4 to 5

- Schedule an online meeting via our website
- Select a date and time that suits you and you'll receive an online Teams link to join the meeting.
- Or we can meet in Paris: 21/02, 07/03, 21/03

Send Message

**Keep Swiping** 

- A corporate digital marketplace: brings together companies, investors and consultants
  - 400 projects already on the platform
  - 50 deals closed
  - Powered by Greca GmbH, an Inspiralia company
- Blend of private and public funds
- Qualified Rating Assessments and Company Evaluations
- Optimized match between a company and an investor via proprietary AI
- Significantly reducing corporate transaction processes time span

### **Ideal company profile**

- Company team: 3+ pax
- Company turnover: 300k€+ or IP-rights pending
- TRL: Level 6 to 9
- 200-500k€ private or public funds already raised
- A or B+ Series

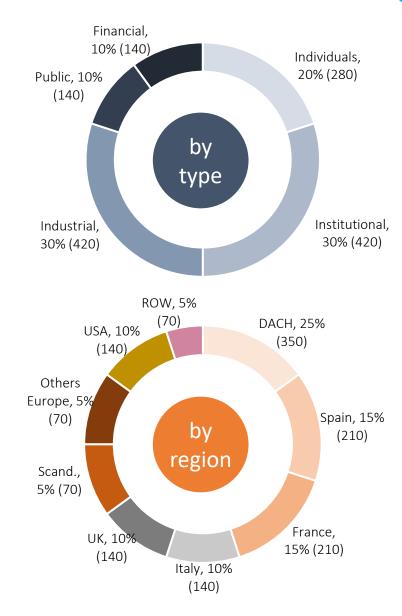

### **Your needs**

- Investment needs: 0,5 to 10M€
- Act quickly: 3 to 6 months
- Get a free feedback of how attractive your business is to investors
- Open your horizons to an international network of investors outside of your country
- Access to venture capitalists, private funds, business angels, but also corporate and industrial investors as well as foreign family offices

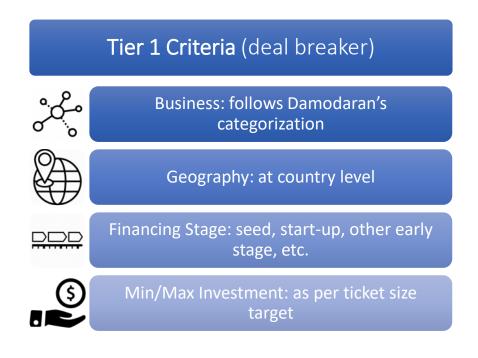

- 1,500 investors listed in the platform
- Focus: DACH, ESP, IT, EN -> fresh air for Belgian companies
- Venture capitalists, private funds, business angels, corporate and industrial investors, family offices...

- Qualified investors:
  - Gold: personal relationship & investment policy 100% validated
  - Silver: personal contact information & investment policy (Tier 1 Criteria) validated
  - Bronze: contact information & investment policy partially validated

• The algorithm allows companies to find investors and investors to find companies, working in the same way

### Tier 2 Criteria (weighted)

- Business Sector: follows Damodaran's categorization
- Business Segment: follows Damodaran's categorization
- Min/Max Income: as per company's annual turnover target
- Min/Max EBITDA: as per company's annual performance target
- Min/Max Debt/EBITDA: as per company's ratio target

→ These criteria rank investors in terms of "best match" from highest to lowest using a weighting structure

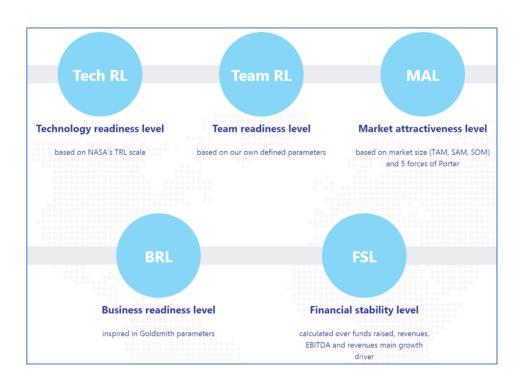

### How it works: the assessment report

### Free of charge

- Analysis of company data (before the contract is signed)
- Automatically generated assessment report (up to 20 pages), based on algorithm / benchmarks, etc..
- Ratings based on internationally approved methodologies
- Selective process: only companies with a B-grade are selected

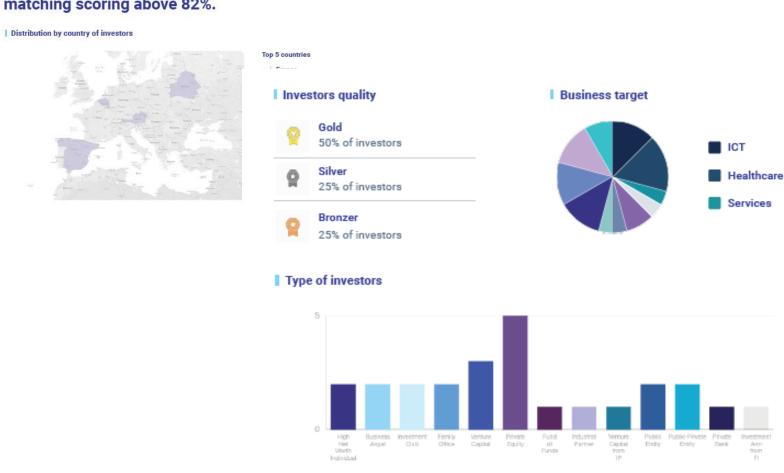

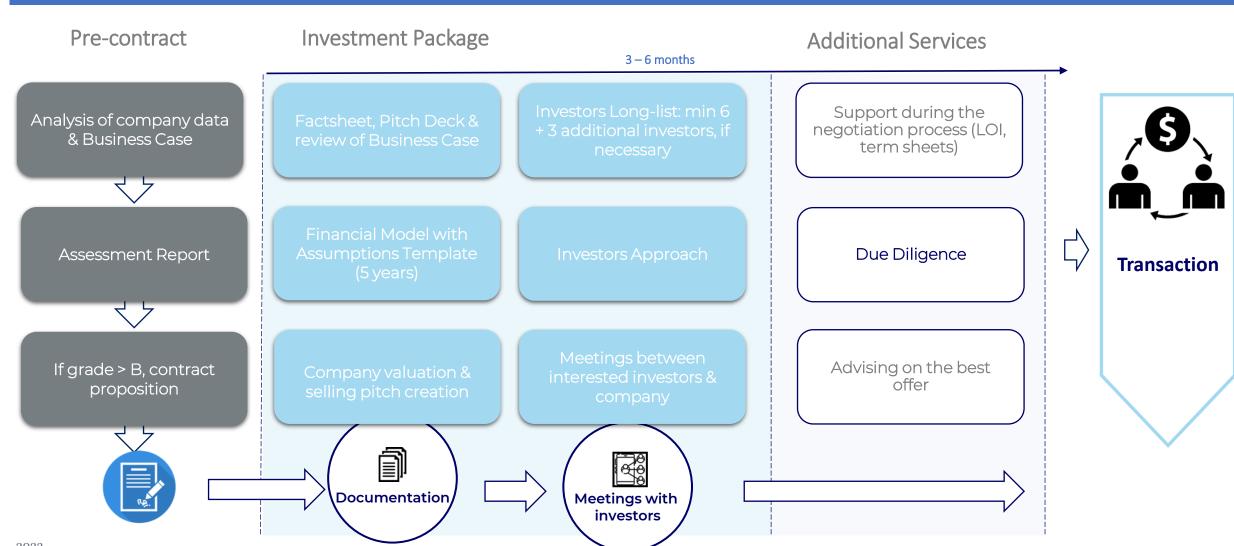

## How it works: the Investment Matching Report

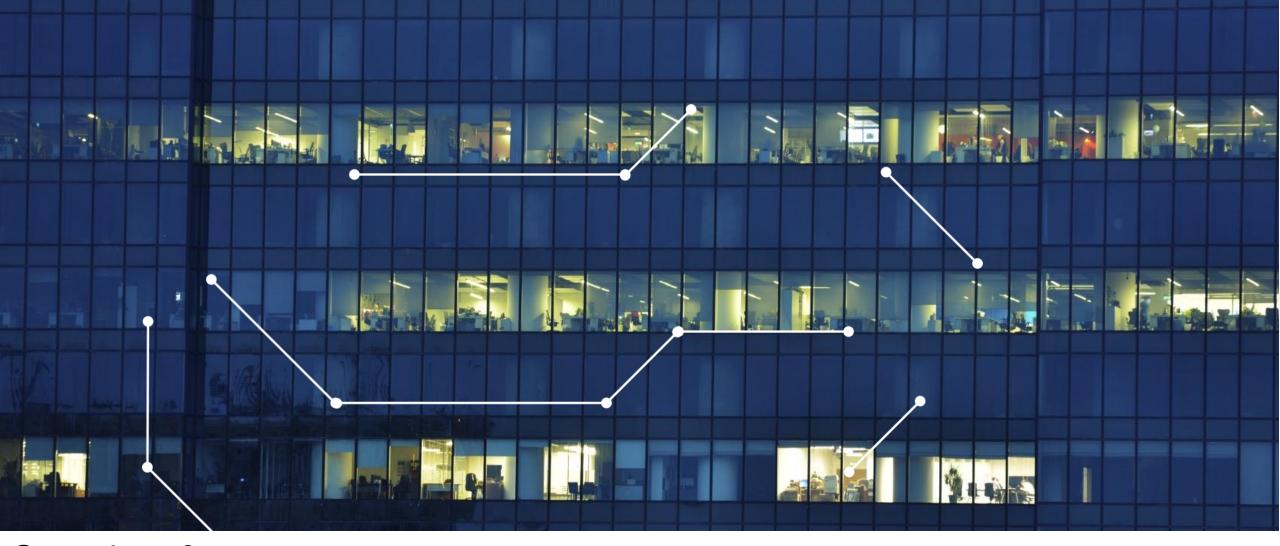

# There are 15 investors in this report and with a matching scoring above 82%.

### GRECA supports you in developing a case and a solid case to present to investors

## Questions?
