So, you think you can handle rejection?

Each row to the left represents a project/role inquiry that I've made since January 1st, 2020.

Green = positive, a meeting

Red = negative, a rejection

White = no response, no communication

There are 407 rows, so 407 inquiries:

14 of them are green

87 of them are red

306 of them are white

3.5% of all inquires were positive

21.5% of all inquires were negative

75% of my inquires yielded nothing
