

A roll of light-colored, textured fabric is shown, partially unrolled. The fabric has a fine, woven pattern. The roll is bound with a metallic, cylindrical cap. The background is a plain, light grey surface.

Designed To Be Seen.

Evolve™

A photograph of lush green trees with dense foliage, set against a clear blue sky. The image is positioned in the bottom left corner of the overall composition.

Evolve™

Don't blend in.
Stand out.

Available in 6 luxury finishes to complement any decor.

White

Black

Silver

Oyster

Champagne

Anthracite

Fast and easy install. Smooth, quiet operation.

With Evolve it's not just what you can see. You can feel and hear the difference too.

A strong steel axis revolving on double ball bearings delivers a luxurious experience. The spring-loaded shaft makes installation quicker and easier than ever.

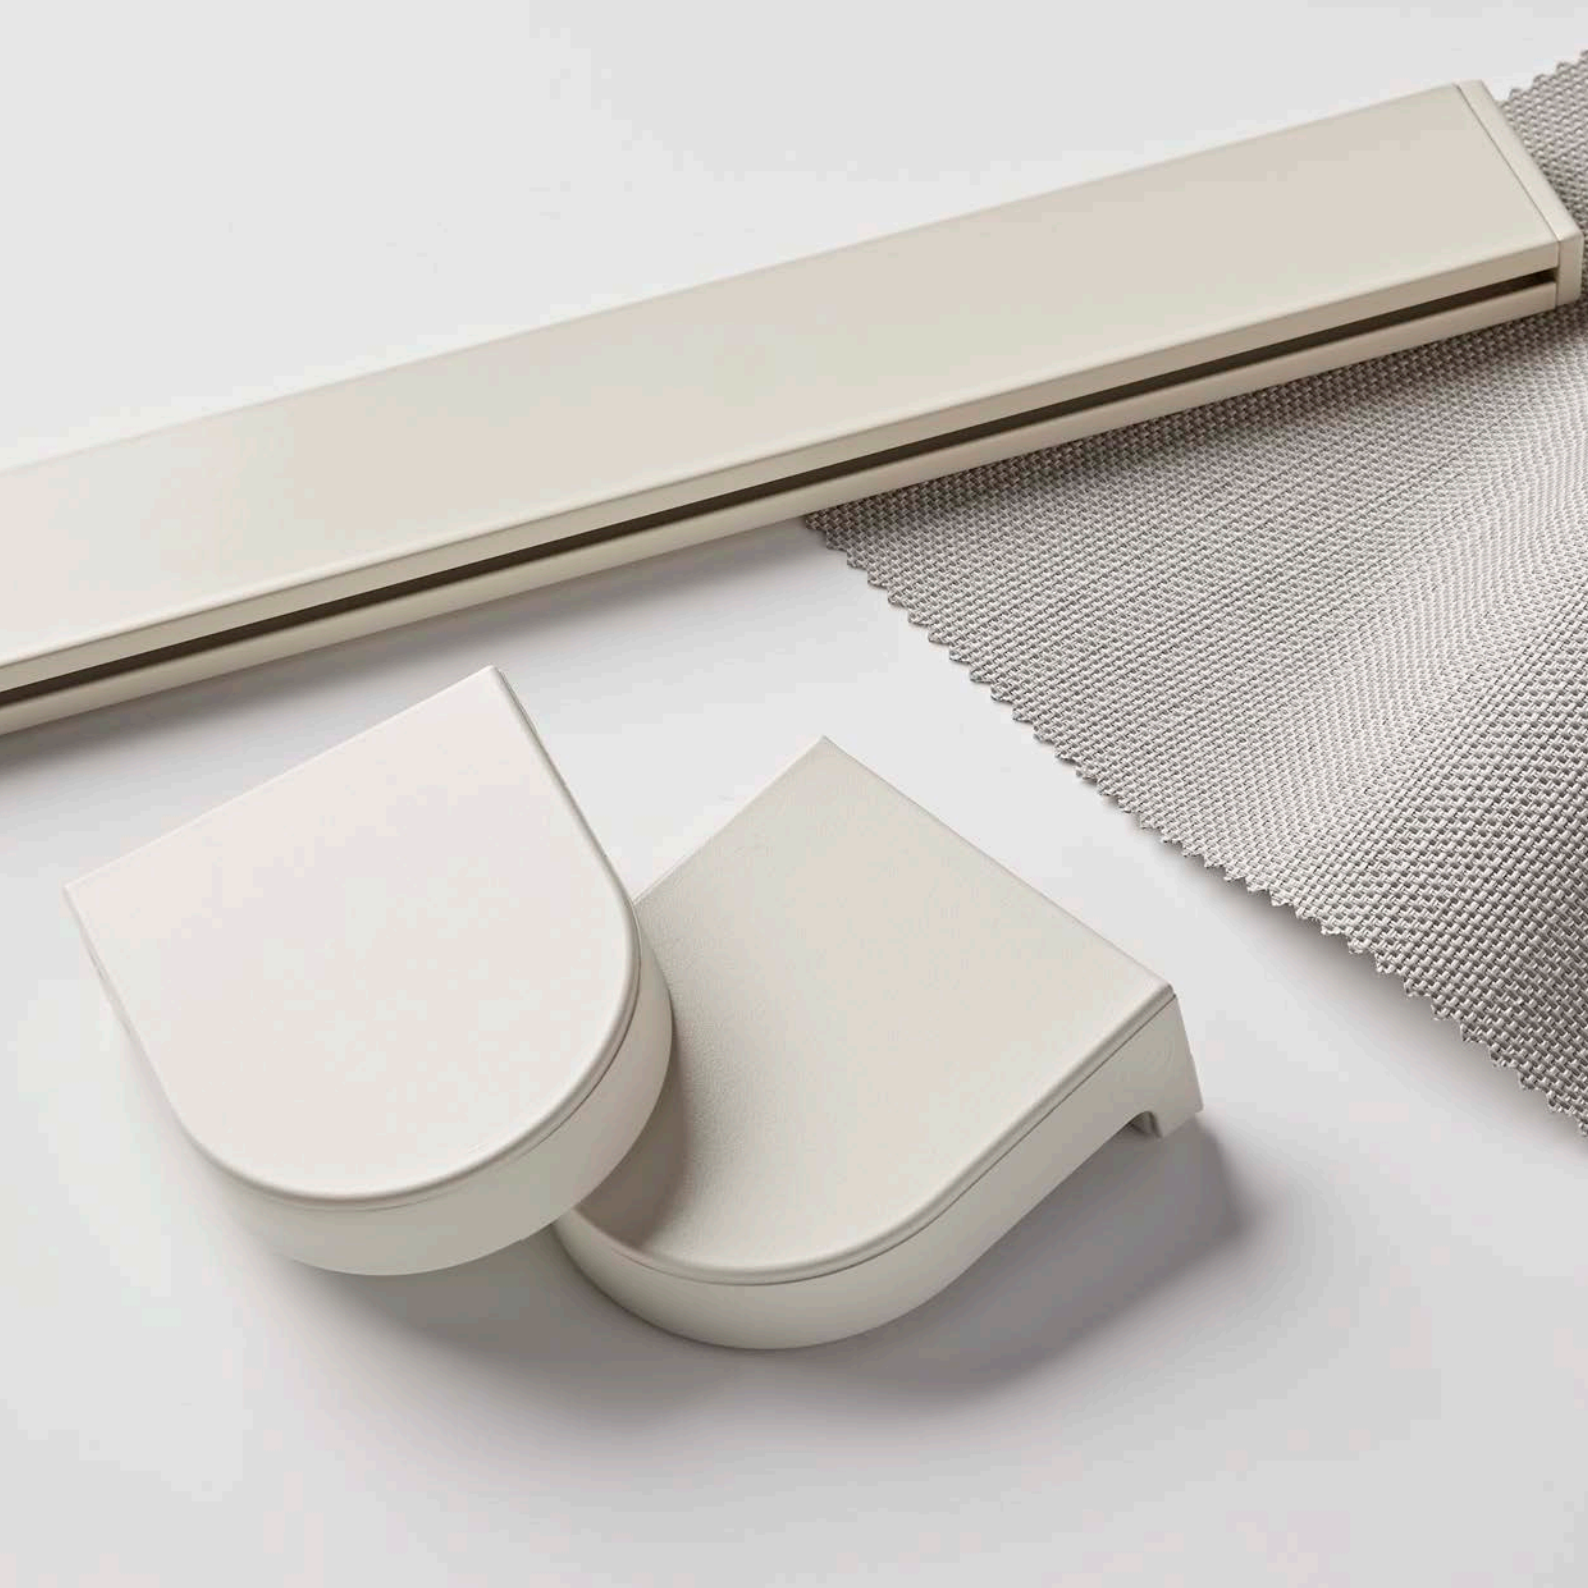

Make a design statement whilst concealing the brackets & fixings

Bracket covers hide away Evolve's mechanisms and fixings.

Dress your window with style and bring your interior to life by choosing from 6 trending colours.

Bracket covers for motorised blinds
