Orla Metal-Backed Screen Fabric

Maximise heat control with Orla: our metal-backed screen fabric. The metallic-backing reduces heat and solar gain for optimal passive cooling. The lightweight fabric composition minimises roll up thickness, maximising drop length. Ideal for extra long commercial windows.

 Weight	220g/m ²
 Thickness	0.34mm – 0.36mm
 Flame retardancy	BS 5867-2; Type B; DIN 4102 Class B1; NFPA 701
 Material composition	100% PES
 Moisture resistance	No

Ideal for: large span windows for offices and schools.
